

Small Business Stationary Source Compliance Advisory Panel

Public Information Committee Charge

Adopted April 24, 2000

- 1) Increase public awareness of Clean Air Act and how it affects small businesses.
- 2) Recommend techniques to promote awareness of free assistance available to small businesses to comply with the Clean Air Act.
- 3) Oversee Small Business Air Quality Stewardship Award Program. Recommend techniques to publicize the annual Small Business Air Quality Stewardship Award developed to recognize small businesses who are leaders in reducing the impact of their operations on air quality.
- 4) Recommend techniques to educate the small business community about air quality regulatory requirements and compliance issues. Review information for small businesses to assure the information is in layman terms.
- 5) Additional duties as Panel or Committee deem appropriate to carryout the Committee's public information responsibilities.
