

January 2010

Greetings:

The Small Business Environmental Assistance Program (SBEAP) at Kansas State University provides free, confidential assistance to businesses such as yours. You have received this letter because your facility is involved in metal fabrication and finishing, as identified by the North American Industry Classification System (NAICS) code supplied by the Kansas Department of Labor. We wanted you to be aware of a new air regulation – *National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Nine Metal Fabrication and Finishing Source Categories* – that might apply to your facility.

Enclosed is a tri-fold pamphlet, *Summary of Regulations Controlling Air Emissions for Nine Metal Fabrication and Finishing Source Categories*, from the U. S. Environmental Protection Agency (EPA) that summarizes the requirements. This regulation potentially affects facilities with a primary activity in one of nine source categories. The NAICS codes affiliated with these source categories are listed on the back side of this letter.

The first requirement of this rule is to submit an initial notification to the EPA in Kansas City and to the Kansas Department of Health and Environment (KDHE) in Topeka. You may use the attached form (recommended), or you may submit a letter that includes all the information requested in the regulation for an initial notification. **Initial notifications for existing sources are due July 25, 2011.** New sources are required to submit an initial notification and notification of compliance status within 120 days upon startup.

The following resources might be helpful:

- The regulation is found in the Code of Federal Regulations at 40 CFR Part 63, Subpart XXXXXX (6X) and is available on the Web at [www.epa.gov/ttn/atw/area/fr23jy08.pdf](http://www.epa.gov/ttn/atw/area/fr23jy08.pdf).
- Flow charts for determining your requirements are available at [www.epa.gov/ttn/atw/area/metal\\_fab\\_flowcharts.pdf](http://www.epa.gov/ttn/atw/area/metal_fab_flowcharts.pdf).

**You are invited to join us for a free Webinar (Web-based training)  
on this regulation on  
February 24, 2010, at 9:00 a.m.  
Register at [www.sbeap.org](http://www.sbeap.org) or call Joyce at 1-800-578-8898.**

If you have any questions or need additional information, please contact me at 800-578-8898, or Jeremy Duis with KDHE at 785-296-1542.

Sincerely,

Barbara L. Johnson, P.E.

**Subpart XXXXXX - 9 METAL FABRICATION APPLICABILITY - By NAICS Code, with EPA Source Category**

	<b>NAICS Code</b>	<b>NAICS Description</b>	<b>EPA Source Category</b>
1	<b>332111</b>	Iron and Steel Forging	Iron and Steel Forging
2	<b>332117</b>	Powder Metallurgy Part Manufacturing	Fabricated Metal Products, NEC
3	<b>332312</b>	Fabricated Structural Metal Manufacturing	Fabricated Structural Metal Manufacturing
4	<b>332313</b>	Plate Work Manufacturing	Fabricated Plate Work (Boiler Shops)
5	<b>332410</b>	Power Boiler and Heat Exchanger Manufacturing	Fabricated Plate Work (Boiler Shops)
6	<b>332420</b>	Metal Tank (Heavy Gauge) Manufacturing	Fabricated Plate Work (Boiler Shops)
7	<b>332618</b>	Other Fabricated Wire Product Manufacturing	Primary Metals Products Manufacturing
8	<b>332919</b>	Other Metal Valve and Pipe Fitting Manufacturing	Valves and Pipe Fittings, NEC
9	<b>332999</b>	All Other Miscellaneous Fabricated Metal Product Manufacturing	Fabricated Metal Products, NEC
10	<b>333120</b>	Construction Machinery Manufacturing	Industrial Machinery and Equipment: Finishing Ops
11	<b>333132</b>	Oil and Gas Field Machinery and Equipment Manufacturing	Industrial Machinery and Equipment: Finishing Ops
12	<b>333414</b>	Heating Equipment (Except Warm Air Furnaces) Manufacturing	Heating Equipment, Except Electric
13	<b>333911</b>	Pump and Pumping Equipment Manufacturing	Industrial Machinery and Equipment: Finishing Ops
14	<b>335312</b>	Motor and Generator Manufacturing	Electrical and Electronic Equipment Finishing Ops
15	<b>335999</b>	All Other Miscellaneous Electrical Equipment and Component Manufacturing	Electrical and Electronic Equipment Finishing Ops
