

Multimedia Subcommittee Conference Call
March 9, 2010
Meeting Minutes

Participants: Tom Coogan (WI), Kerri Cope (KT), Phyllis Copeland (SC), Dave Fiedler (MI), Sara Johnson (NH), Jim O'Leary (EPA) Terry Polen (WV), Linda Sadler (TN), Angela Suber (EPA), and Audrey Zelanko (EPA)

Continuing Discussion on RCRA Requirements

- Jim O'Leary, USEPA, Office of Resource Conservation and Recovery Materials, Recovery and Waste Management Division provided the following RCRA outreach tools:
 - Main website: <http://www.epa.gov/epawaste/index.htm>
 - Jim developed the document "Hazardous Waste Generation Regulations." At the end of each section/rule are documents that might be helpful.
<http://www.epa.gov/epawaste/hazard/downloads/tool.pdf>
 - Managing Your Hazardous Waste – A Guide for Small Businesses
 - <http://www.epa.gov/epawaste/hazard/generation/sqg/handbook/k01005.pdf>
- Jim's program has slowed down our outreach because of resource constraints. We've recently developed some documents on recycling to support the new DSW rule and labs rule, but that's about it.
- The EPA is proposing to add hazardous pharmaceutical wastes to the Universal Waste Rule in order to provide a system for disposing hazardous pharmaceutical wastes that is protective of public health and the environment
- SBEAPs need to communicate with Association of State and Territorial Solid Waste Management Officials ASTSWMO on any U.S. EPA collaborative issues.
- Tom Ripp and Emily Chow of the Office of Compliance are working on training for inspectors. The Multimedia Subcommittee could pull together recent outreach documents SBEAPs have developed on the subject of hazardous waste identification.

TOXIC RELEASE INVENTORY (TRI) and TIER II

The subcommittee had some interest in discussing outreach on SARA Title III requirements. Take this up at the next meeting.

Next Meeting April 13th
