Tom Coogan opened the meeting.

Audrey Zelanko gave a live demonstration of the on-line Multimedia Peer Center (MPC) and answered questions about its purpose and use. Audrey explained to the group that the MPC is now up and running and available for use.

Terry Polen interviewed Multimedia Mentor Volunteers and coordinated questions from the audience. Judy Mirro, VT SBAP, and Darren Morrissey, AR SBAP, were prepared to give verbal responses to the questions they had completed for our sub-committee when they volunteered to serve as Multimedia Peer Mentors. Andrew McIntosh, IN SBAP, was available as a back-up and was also prepared to respond to these questions. Judy was the only Mentor Peer Mentor volunteer who spoke during the meeting. She responded to a few of our questions and then questions and comments from the audience directed the remainder of the session. These questions and comments did indicate a solid interest in multimedia issues.

Tom Coogan closed the meeting.
