

**Multimedia Subcommittee Meeting
September 8, 2009**

Meeting Minutes

Participants: Tom Coogan, Dave Fiedler, Sara Johnson, Dr. Terry Polen, Linda Sadler, Chip Scroggs, Angela Suber, and Audrey Zelanko.

ECOS/ National Comprehensive Environmental Compliance Assistance Initiative

Dave - Annette and Dave working with OECA to develop a framework for the comprehensive compliance initiative for Steve Chester to present at the ECOS September Meeting. Steve Chester is the Director of Michigan's Department of Environmental Quality and Chair of the ECOS Compliance Committee.

Linda - need to invite a representative from EPA's Office of Small Business Program to be involved in discussion with OECA.

Angela - funding issue should not be the very first issue up for discussion with EPA. Need to set the background, discuss some collaborative issues first. EPA budget situation is up in the air anyway.

Linda - Dave needs to communicate to the states' SBEAP what is going with the framework before the ECOS meeting. State SBEAPs can give their directors a heads up that this issue will be discussed.

State's Participation with the Region's Compliance Assistance Coordinators and Small Business Liaisons

Linda - Region 4 has worked together on various multimedia initiatives including transit redi mix, hospitals and higher education. Good relationship. Each Region has three contacts – compliance assistance coordinators associated with enforcement, small business liaison associated with Office of Small Business Programs and a Section 507 Small Business Contact the deals with SIPs and air program related issues.

Sara – Not much happening in Region 1. Know who they are.

Tom – After Eileen Deamer let the position, have not had contact with Region 5's compliance assistance coordinator.

Linda – Regions need to be aware that the state's compliance assistance initiatives are our first priority.

Next Meeting is Tuesday, October 13, 2009, at 2:00 pm (Eastern)
