

Tools for the Reinforced Plastic Composites Production NESHAP

40 CFR 63, Subpart WWWW

Tools Already Developed

Federal - (www.epa.gov/ttn/atw/rpc/rpcpg.html#IMP)

- Brochure
- List of Potential Sources Subject to NESHAP
- Initial Notification Form
- NESHAP Applicability Flow Chart

States

Regulatory Resources

MN - Fiberglass audit checklists, newsletter articles, calculation spreadsheets.

(www.pca.state.mn.us/programs/sbap-sectors.html#fiberglass)

IN - Compliance manual for the state's fiber reinforced plastics manufacturers.

(www.state.in.us/idem/ctap/fiber/manual.pdf)

OR - Fact sheet for the fiberglass industry.

(www.deq.state.or.us/aq/factsheets/BAP_Fiberglass.pdf)

Pollution Prevention Resources

US EPA Waste Reduction Center & NC Division of Pollution Prevention & Environmental Assistance - websites, manuals, articles & reports, fact sheets, and case studies. (wrrc.p2pays.org/industry/fiberglass.htm)

Pacific Northwest Pollution Prevention Resource Center - primer intended as a quick guide to the essential P2 information on Fiberglass Fabrication, other web links. (pprc.org/hubs)

Minnesota Technical Assistance Program - Description of waste reduction techniques for the industry. (mntap.umn.edu/fiber/index.htm)

Kentucky Pollution Prevention Center - Links to manuals, fact sheets, and other useful websites. (www.kppc.org/resources/workshops/CF/)

Trade Associations and Other Resources

American Composites Manufacturers Association (ACMA) - Unified Emission Factors and other helpful information. (www.acmanet.org/)

Fiberglass World—information to promote trade in fiberglass, composites, and resins. (www.fiberglass.com)

Tools in Development

- Reader's Guide to the NESHAP
- Frequently Asked Questions
- Example Calculations for Open Molding/Centrifugal Casting

These will soon be found at: <http://www.epa.gov/ttn/atw/rpc/rpcpg.html#IMP>
