## New Design is Here!

The Small Business Environmental Home Page (Home Page) has been completely redesigned and reorganized. The new design is a box style with listings under each category for more direct links to subpages used frequently, including an "Are You a Small Business?" link on the top page for small businesses. Other new web pages include: State Trade Associations, Who Are We?, State Annual Reports, Listing of States With and Without a CAP, and Small Business Environmental Home Page Newsletters and Flyers. There are some items still under construction (some database functionality, search function, feedback form, etc.) Please go to the About New Design page [www.smallbiz-enviroweb.org/newdesign.aspx](http://www.smallbiz-enviroweb.org/newdesign.aspx) for up to date information. Some changes include the following:

- ➔ Top menu bar includes a number of direct links
- ➔ **New** Multimedia Home
- ➔ **New** Resources Home
- ➔ **New** Sharing Information Home
- ➔ **New** About Us Home
- ➔ **New** National Steering Committee (NSC) Home
- ➔ Compliance Advisory Panel (CAP) Home combines both the state and national CAP resources.
- ➔ Eliminated Home pages such as News and Events; Small Business Assistance; Publications, Factsheets, and Videos; Pollution Prevention/ISO 14000; Funding Help; NSBFAWG Web Page, Mid-Atlantic Web Page, and SBO/SBEAP Listserve are now available from other Home pages on the site.

PLEASE NOTE THAT MANY MORE UPDATES AND CHANGES TO THE HOME PAGE ARE BEING PLANNED FOR THE NEAR FUTURE SO STAY TUNED!

## NEW "ARE YOU A SMALL BUSINESS?" PAGE

[www.smallbiz-enviroweb.org/smallbiz.aspx](http://www.smallbiz-enviroweb.org/smallbiz.aspx)

This subpage of the redesigned Home Page is new for small businesses that happen to search on line and find the Home Page. This can also be helpful to assistance programs who can now direct small businesses here for helpful compliance information. The page starts out with an explanation of what is a small business, then explains what the Home Page is all about and how it is organized, and ends up with a list of the relevant pages pulled out for small businesses. Now small businesses don't have to wade through SBO/SBEAP links and resources to get to the information they need.
